Dragi učenci,

pa smo nazaj. Upam, da ste imeli prijetne, čeprav malo drugačne počitnice. Kot kaže, se na šoli morda ne vidimo do konca tega šolskega leta. Zato vas vabim, da mi napišete mail, v katerem opišite, kako se vam zdi takšen načrt zaključka šolanja, o čem razmišljate itn.

So, my dear students, tell me what is your view on a current (schooling) situation, are you happy or not for not going back to school now. Did you expect another outcome? What is positive about not going back now? What is not so great?

I'm expecting your emails ASAP (as soon as possible) and I'm looking forward to your writings.

Kind regards,
teacher Ivana
