Dragi učenci,

uspešno ste rešili nalogo Hišna opravila. Ostanimo še malo pri tej temi. Rada bi vedela, kakšno je vaše razmišljanje o hišnih opravilih. Izberite si eno izmed trditev in napišite krajši spis v katerem argumentirajte za/proti (I agree ..., I disagree ...), izrazite svoje mnenje (because ...) in ga podprite s kakšnimi dokazi/primeri (at our home/my aunt ...).

Izbirate med:

Children should only study or play and don't have to do household chores.

Men and women employed in full-time jobs have to share household chores and care of children evenly.

Parents should give their children money for doing household chores.

Children can learn a lot from doing household chores.

Vaša razmišljanja pričakujem na mail.

Pošiljam vam en velik pozdrav,
učiteljica Ivana
